

PROFESSIONAL SUMMARY

Junior Front-End Developer seeking an opportunity to enhance my skill set in web technologies to develop and implement solutions to meet business needs.

Willingness to learn and teamwork are my greatest strength, great team spirit, never miss a chance to hear about others' skills, projects, difficulties, stories. A cohesive team can create and render everything !

SKILLS

Front-End :

- / Strong knowledge of **HTML5 & CSS3**
Used it on nearly all my projects in learning Front-End Development.
- / Good knowledge of **Sass**
Learned how to write it and compile it on several projects.
- / Knowledge of **Bootstrap**
Used it on a few projects to make responsive design easier.
- / Good knowledge of **Wordpress**
Learned it along with Elementor, WooCommerce and other plugins.
- / Knowledge of **JavaScript**
Still learning it and used it on some of my projects.
- / Knowledge of **jQuery**
Still learning it and used it on some of my projects.
- / Knowledge of **React**
Created a full contact form only in React, based on a previous project I developed.

Design :

- / Knowledge of **Adobe Illustrator**
- / Knowledge of **Adobe Xd**

LANGUAGES
